EXPENSE REPORTS & TIMESHEETS

Time is Money. We save both.

YANF - January 2014
Yet Another NetSuite Feature :)

Hello to all our NetSuite customers and partners!

Recently we moved a Nexonia customer with 127 employees from QuickBooks to NetSuite
in 36.64 seconds (plus planning and testing). :)

If you have an interest in the items below or anything else, you can reach us at any time at
help@nexonia.com.

NEW FOR JANUARY 2013

- **Receipt Transfer for Vendor Bills**: we now send receipts into NetSuite file cabinets for receipts associated with vendor bills (we've always done receipts for expense reports).
- **Employee ID in Vendor Bills**: you can now create a custom field (user list) in NetSuite at the line item level in vendor bills and Nexonia can fill it in. This is typically used when Nexonia sends credit card transactions in as vendor bills.
- **Many Refinements**: n-level expense categories and timesheet task categories, more field filter options and we moved our expense report transfer into our newest integration frameworks.

COMING SOON

- Nexonia Expenses for Windows Phone 8
- Our new Time Off system for PTO, Vacation, etc.
- and much, much more!
