EXPENSE REPORTS & TIMESHEETS

Time is Money. We save both.

News and Updates - July 2014

Hello to all our customers and partners,

We're all taking vacation, but we're adding new features, new customers and doing all the training and support that our customers would like.

If you have any interest in the updates outlined in this newsletter, or you have any other inquiries, you can reach us any time at help@nexonia.com.

WEB

- **Multi-step Mileage:** now you have have up to 6 stops in one mileage entry, and "round trip" will now close the circle.
- **Nexonia OCR:** this is the first phase of a three-phase rollout of our server-side OCR capability. Phase two is to add it to mobile and phase three is to add even more OCR sources to our capabilities.
- **nuTravel Travel Integration**: now you have four travel systems to integrate with. nuTravel joins our integrations with GetThere, Atriis and Egencia.
- **Lower Resolution Receipts in Approvals**: you'll now see a half-filled circle icon in the top right when viewing a receipt where you can change to view images in approvals at a lower resolution. This will speed up receipt viewing if you have a slower speed internet connection.
- **Timesheet Standard Costs**: now you can set the costs in all the same ways as you can rates.

MOBILE

- lots of work on upcoming updates for multi-step mileage, Nexonia OCR and editable VAT.
- UI revamp coming in August & September.

INTEGRATIONS

- **Dynamics GP**: continued refinements.
- **Intacct**: native receipts plus ongoing refinements.
- **NetSuite**: historical time import, OpenAir integration plus many small

refinements.

- **Xero**: we now support credit card transactions going in as bank charges.
- **Credit Cards**: we already have the most options and we continually work on adding more.
- **QuickBooks**: expense reports as checks plus many small refinements.

COMING SOON

- Lots of mobile features and even an updated UI
- and much, much more!
